Chapter 1 by the smiling man

Write a song by taking lines out of random songs (they have to rhyme, obviously).

Chapter 2 by R

Dancing in the dark in the pale moonlight
Gleaming like blackened sunshine
All I saw was smoke and fire
And here we are,
Here we are,

No fancy cars or bass guitars
No alarms and no surprises
wake up every morning
Looking into our eyes

Oh oh

A dark sky of delight
I'm ready to fight
The dog days are over
The night has just begun

oh

Teenage ambitions you remember well
Can we believe in fairy tales?
We like our thrills dirt cheap
You've been lying through your teeth

Take the shackles off my feet so I can dance
Leaving it all to happenstance
What have they done to me?
Oh oh
What have they done to me?

Sometimes I feel like I'm drifting to far
It seems my life is always under par
Then it hits me, yeah it hits me
Yeah
The dog days are over
yeah
The night has just begun

Oh

The dog days are over
The night has just begun
Here we are
Oh oh oh
and here we are

I only wanna die alive
And the ones we hail

I hate you I love you
You were better, deeper
Don't get too close
I miss you when I can't sleep
'Cause I can't resist it no more
I want to shelter you

Or right after coffee
I was under your spell
This is my kingdom come
Friends can break your heart too, and
Like a deadly fever, yeah, babe
It's dark inside

I hate you I love you
You were better, deeper
Don't get too close
I miss you when I can't sleep
'Cause I can't resist it no more
I want to shelter you

Wedding bells were just alarms
Will come calling out
I'm stronger than I've been before
Caution tape around my heart
And the masquerade
This is the part when I break free
